Certificate number 24926

Since 2001 A1 Microwave has brought high quality technically advanced microwave filtering products to the SATCOM market. Using sophisticated in-house design and simulation software, all new designs are "right first time" allowing the design to move from the computer to the machine shop without the need for prototyping.

A1 Microwave's expertise is firmly rooted in the design and testing of microwave products and our founder has over 25 years experience in this area.

Ordering information :- Model number PB10571B UHF dual Filter

Comprises a pair of identical bandpass filters designed for communications equipment applications for suppression of very close in interference.

Passband	483 to 489 MHz
Passband insertion loss	2.2 dB typical
Passband return loss	20 dB min
Rejection :	Cf +/- 5 MHz
	40 dB min
Overall length	375 mm nominal
Weight	3.5 Kg
Connectors	SMA female (alternatives available)
