TRAVEL DETAILS

Take the day off work for a special scenic heritage train tour. We travel out over the scenic Calder Valley Line, then via Preston to rural Lancashire. At Lancaster we cross the River Lune, with views to the castle, to take the old Furness Railway Line along the beautiful Cumbrian Coast. This remote corner of England surely boasts England's most picturesque railway line! We travel right round Morecambe Bay, clattering across the Kent Estuary – the first of four great expanses of water – then through Barrow. You will see mile after mile of unspoilt coastline with the Lakeland Fells on one side and the Irish Sea on the other. The tour offers a choice of destinations: in a 4 hour break at Ravenglass, you can enjoy the narrow gauge Ravenglass & Eskdale steam railway which runs 7 miles inland through beautiful Eskdale or visit Muncaster Castle with its famous gardens and owl sanctuary. Alternatively, stay on board as our train travels on to the historic harbour town of Whitehaven.

THE TRAIN: On board our tours we aim to create a family atmosphere. Our stewards help with information and keep the train tidy. All passengers have reserved seats with a table. We provide a travel guide about the journey. Tea, coffee, snacks, soft drinks and sandwiches are available from the buffet car, where hand-pulled real ale and wines are also served.

DISABLED? Please contact the office to discuss your needs. We can help on and off the train and allocate seating near to the door and toilet.

PRIVATE TABLES FOR 2: You can reserve these seats for a supplementary fee of £15 per person in first class accommodation.
