## TRAVEL DETAILS

Join our special heritage train, making the most of one of the longest days of the year, to the magnificent medieval city of Salisbury for a break of around 4 hours. We journey south along the Midland Main Line to take the interesting route through London by rail and on to Salisbury, nestling in the very heart of rural southern England. Salisbury is every bit the classic English city. It combines medieval charm with the vibrancy of a modern city, offering high street names and independent shops, modern café culture and traditional English pubs. For nearly 800 years, visitors have been attracted to its magnificent Cathedral, and rightly so. Upon entering the city for the first time, the view of the cathedral is simply breathtaking, with the 123 metre high spire dominating the skyline. With five rivers, a host of parks and gardens, there's ample opportunity to relax, unwind or take a leisurely walk.

**THE TRAIN:** On board our tours we aim to create a family atmosphere. Stewards help with information and keep the train tidy. All passengers have reserved seats with a table. We provide a travel guide about the journey. Tea, coffee, snacks, soft drinks and sandwiches are available from the buffet car, where hand-pulled real ale and wines are also served.

**DISABLED?** Please contact the office to discuss your needs. We can help on and off the train and allocate seating near to the door and toilet.

**PRIVATE TABLES FOR 2:** You can reserve these seats for a supplementary fee of £15 per person in **first class accommodation**.
