

Orbital Jet Nozzle Monro Jet

High Performance:

- High performance, high production.
- Lightweight, simple to operate and maintain.
- Combines the power of a solid pencil jet with the large area coverage of a fan jet.
- Rugged and dependable.
- Rotor and insert assemblies are specific to your exact flow and pressure requirement.
- Hardened steel protection cover available for concrete demolition.

Applications:

- Concrete cleaning and Hydrodemolition
- Casting cleaning.
- Scale removal.
- Surface preparation.
- Offshore cleaning.
- Root cutting.
