

HALTEC (CHESTER) LTD

CONSULTING CIVIL AND STRUCTURAL ENGINEERS

PROJECT DESCRIPTION:

RAMADA HOTEL, CHESTER

Haltec were heavily involved in the £4 million refurbishment of the former Abbots Well Hotel in Chester. Substantial internal modifications required a significant engineering input on the scheme, including a new innovative radial aluminium entrance canopy, shown below.

Haltec Services:

- Detailed Structural Specifications and designs.
- Building Regulations submissions.
- Major internal refurbishment scheme.
- Remedial works to structural defects.
