

Traditional Oil Lamps

Den Haan Rotterdam (DHR)

DHR decorative nautical lamps are finished with a transparent enamel coating. To ensure that this coating is kept in optimal condition they recommend that the coating be treated with clear beeswax once a year. All DHR oil lamps are fitted with superior quality burners and if treated with respect will work for many years. We carry a stock of lamp accessories including wicks, glasses and lamp oil.

Lamp oil, 1 litre bottle

£3.95

Hanging Lamps

Junior Trawler Lamp: £ 100.00

Dimensions: W 165mm x H 320mm

The most popular of our beautiful range of hanging lamps amongst narrow boaters. Hand made in Holland these oil lamps deflect heat as well as light downwards. They are perfect for hanging under cratch board top planks or in traditional engine rooms, not to mention making a real feature above the saloon dining table.
