

# Wiltshire Scrapstore and Resource Centre

## School visits

The Wiltshire Scrapstore and Resource Centre offer two types of school visit:

### We can visit you!

We can come to your school and work with single or multiple classes of children. We will base our activity on any theme and will also emphasise to the children the environmental aspect of the charity and that the activities they are doing are enabling us to reuse materials that would otherwise go into landfill.

For these workshops we supply all the resources necessary to run the activities. The cost for these workshops is: **Half day £110 or Full day £180**

### You can visit us!

We now offer schools the opportunity to bring classes to the Scrapstore for visits. We give the children a tour of the scrapstore and a chance to explore the materials on offer. We highlight the environmental ethos of the charity and explain about the reuse of materials which would normally go to landfill.

We also give the children a chance to create something from the scrapstore resources; this activity is linked to any theme the class may be working on.

**These sessions are for two hours and cost £6 per child (for a minimum of ten children).**

To find out more or to book your visit, please call us on 01249 730011  
or email [training@wiltsplay.org.uk](mailto:training@wiltsplay.org.uk).
